

Under Counter Units

Function and flexibility combine with a pleasing appearance in The Pharmacy Design Group's modular under counter units.

Interiors on all under counter units are standard pharmacy white for a finished look. Sides and backs may be finished if desired by specifying on your order.

The standard overall height is 39". Standard overall depth is 23". Desk units are 29".

Doors may be added to under counter units, if desired. A single hinged door is furnished on 18" and 24" wide units. Standard hinge placement is on the right. Please specify on your order if left hand placement is preferred. On units 30" wide and over, a pair of hinged doors are provided.

All drawers, both standard and file, are provided with heavy-duty, full extension slides for maximum use of drawer space and load-bearing capacity is 100lbs. The full extension slide is offered as standard equipment.

Please specify if drawer locks are desired. An additional charge is incurred for each lock.

All dimensions are given overall – outside to outside.

The under counter unit is a practical open shelf unit designed for easily accessible storage. Available with doors, if desired. Substitute pull-out shelves or trays for the adjustable shelves, if desired.

Open Shelf Unit

Catalog #	Width	Description	Approx. Shpg. Wt.
